Nob Hill Refreshed

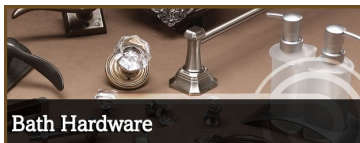

It is with great pleasure that Nob Hill announces the launch of our new and improved website. It is a project that we have

Door Hardware

proudly been working on for the past few months. The site showcases much of the same informative product features but offers a fresh look and feel. Our efforts were focused on making it as user friendly as possible with our main

goal being to allow more access to the information designers, builders, architects, and home owners may need while working on their projects. With a few simple clicks of the mouse you can see every one of the finest manufacturers represented on our showroom floor.

Bath Hardware

The website now also contains features such as a video tour of the show-

room, answers to frequently asked questions, and a catalog of past newsletters.

We thank you for your

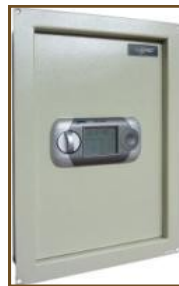

Cabinet Hardware

continued support and hope that you will visit our new and improved website to explore the added features available to make your online experience with us easier and more efficient than ever before.

Wall Safes

Easily accessible and effortlessly hidden. Keep your valuables

close at hand but out of sight with a variety of wall safes offered

by AMSEC. Conveniently designed for easy installation. Select models offer affordable bur-

glary protection with easy to use push button electronic locks. Most of our walls safes offer a

one hour fire rating to protect your valuables in the unfortu-

nate case of a fire. For more information on our wall safes, or any other safe please call or stop in today.
